**HOW ONE LAKEHEAD GRAD WENT FROM  
YOUNG STARGAZER TO NASA ENGINEER**

**A free Public Presentation  
by  
Colette Lepage (B.Eng. '99)**

Colette Lepage graduated from Lakehead University in 1999 with a degree in Chemical Engineering. She then went to work for NASA in the field of contamination control and cleanroom operations, working on projects including the Hubble Space Telescope and the James Webb Space Telescope. She will discuss how she went from growing up in Northern Ontario to become a NASA engineer.
